

Endorsement: Wording changes

## Definitions

The following Definition has been added to the Definitions:

### **Electronic Data**

Facts, concepts or information in a form usable for communications, interpretation or processing by electronic or electro-mechanical data processing or electronically controlled equipment which includes programs, software, firmware, operating systems or other coded instructions for the processing or manipulation of data.

## Policy Conditions

The Following Condition has been added to Policy Conditions.

### **13. Sanctions**

**We** shall not provide cover or be liable to provide indemnity or pay any claim or provide any benefit under this policy to the extent that the provision of such cover, payment of such claim or provision of such benefit would expose **Us** or any member of **Our** group to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of any country.

## Policy Cover

Exception 16 has been deleted and replaced with the following:

**We** shall not be liable in respect of

**16.** Liability directly or indirectly caused by or consisting of or arising from:

- (a) authorised or unauthorised transmission of **Electronic Data**
- (b) the content of any website, **Your** email, intranet or extranet
- (c) erasure, loss, distortion, corruption or alteration of **Electronic Data** or any loss of use resulting in reduction of functionality
- (d) failure of electronic, electromechanical data processing or electronically controlled equipment or **Electronic Data** to correctly recognise any given date or to process data or to operate properly due to a failure to recognise any given date.
